## Health & Safety policy

### *Statement of intent on behalf of the martial arts & fitness centres committee*

The Health and Safety at Work Act 1974 ('the Act') and the regulations made under it, apply to club organisers who are both employers and self-employed. The law requires them to do what is reasonably practicable to ensure health and safety. The Act also requires employers and the self-employed to protect people other than those at work e.g. volunteer staff like coaches, club members, visiting teams and spectators. These people should be protected from risks to their health and safety arising out of, or in connection with, their club's work activities.

Our health & Safety policy is to:

- *Provide and maintain equipment and systems which are safe and without risks to health.*
- *Make arrangements for ensuring the safety and absence of risks to health in connection with the use, handling, storage and transport of articles and substances.*
- *Provide information, instruction, training, and supervision as is necessary to ensure the health and safety at work for instructors, visitors, hirers & committee members.*
- *Maintain in a condition that is safe and without risks to health any place under our control.*
- *Provide means of access to and egress the MAFC which is under our control which is safe and without risks to health.*
- *Provide and maintain for our instructors & committee members a working environment that is safe, without risks to health and is adequate as regards facilities and arrangements for their welfare at the MAFC.*
- *Ensure that adequate funds, materials, and equipment are made available to meet the health and safety requirements.*
- *Implement emergency procedures, evacuation in case of fire or other significant incidents.*
- *Take appropriate action to remove, update or rectify equipment, lighting, heating, access to ensure its safe use for any visitor, member, hirers, or committee members.*
- *To review and revise this policy regularly.*
